

Paradise's Environmental Protection & Community Efforts Acknowledged

Hong Kong, 30 May 2019 – Paradise Entertainment Limited (“Paradise” or the “Group”, HKEx: 1180), is pleased to announce that Paradise was granted the “EcoPartner” recognition in the “2018 Bank of China (Hong Kong) Limited Corporate Environmental Leadership Awards” yesterday.

The award was jointly presented by the Federation of Hong Kong Industries (FHKI) and Bank of China Hong Kong (BOCHK), with an aim to promote environmental practices among enterprises in Hong Kong and Pan-Pearl River Delta region, and to recognise the achievements of the participating enterprises in helping to reduce pollution in these areas. This award recognised Paradise’s dedicated efforts in six key areas including energy conservation and waste reduction, innovation, comprehensiveness, management involvement and sense of responsibility, sustainability and impact to the industry as well as the impact to the community.

Paradise supported environmentally-friendly initiatives in the two casinos under our management, namely Casino Kam Pek Paradise and Casino Waldo. For instance, Paradise offers barrels of drinking water, coffee and tea with reusable cups in the two casinos we managed, so that gaming patrons could drink when they need. As such, the Group has managed to minimise the number of disposed free plastic water bottles in the casinos.

On the community aspects, Paradise fully supports the development of local Macanese talents, especially in the technology field. For instance, Paradise, through its wholly-owned subsidiary LT Game in Macau, has been incessantly offering scholarships to top students who studied computer science in the Macau Polytechnic Institute to inspire them to contribute to the information technology sector in Macau.

Mr. Jay Chun, Chairman and Managing Director of Paradise said, “As Paradise started in Macau, we are dedicated to contribute to the community in Macau in developing local talents. We also backed multiple environmentally-friendly initiatives. The recognition granted by the FHKI and the BOCHK encourage our team to work even harder to give back to the local community.”
